Home Study PSR Program: In this PSR option, parents are responsible for covering textbook material and discussing topics with their children as they learn Catholic teachings. Parents participate in SIX meetings throughout the year for training and support as they serve as the child's catechist. Parents will come to the Parish Center to meet on a Sunday afternoon OR a Tuesday evening for an hour presentation to prepare to teach their child the upcoming unit of study based on the Five Pillars of the Catholic Catechism. Students will take online tests for each chapter and submit the results to the PSR Office. Families in this option will be informed of special programs and opportunities for involvement in the parish. The Home Study option is a great opportunity for the whole family to grow in their faith.
