

2020 - St. Basil Practice and Game Covid Screening Procedure

- All players must have a completed CYO Pre-Participation Physical, EMA and Lindsay's Law form submitted to the coaches before any participation.
- Coaches should have EMA's, and First Aid Kit on hand for every practice and game.
- Individual performing the monitor should enter the building with the coach and retrieve the thermometer from the concession stand.
- The SBAA Monitoring Form is available at the following link as a fillable PDF. Teams are encouraged to pre-populate the form with the player roster to expedite the screening process at the facility.
 - SBAA Monitoring Form: [Fillable SBAA Covid Monitoring Form](#)
 - The concession stand also has blank monitoring forms if needed.
 - **The completion of a paper monitoring form is required.** The parish office will be storing the monitoring records, and digital-only monitoring is not sufficient.
- Coaches and monitors should remind parents to not depart the facility prior to practice until their athlete has been screened and admitted into the building.
- Screening Process for Each Participant:
 - Covid monitor should meet the individual at the door to the facility.
 - Take and record the individual's temperature using the provided thermometer.
 - Ask the 3 remaining questions on the form and record the player's answers.
 - If an elevated temperature is recorded, or the individual answers 'YES' to any questions, this should be noted on the form, along with any details provided. The individual should not enter the facility and should instead return home.
 - If the player confirms 'NO' to all questions and does not register a temperature higher than 100.4, they may enter the facility to participate in the game or practice.
 - Repeat the process for all individuals who enter the facility, including the monitor and coaches.
 - Note that **spectators are not permitted to attend practice** in 2020 for any reason.
- After completing screening, the participant can enter the facility. They should use the provided hand sanitizer at the entryway on their way in.
- Everyone should have separate court shoes, and change in the outer hallway before entering the gym. **Our floor has been refinished, so this is very important.**
 - This is also a CYO site rule for players in games. Good to get into the habit for practices. Gym shoes MUST be carried into the building.
- **Monitoring Form Submission Instructions:**
 - Upon completion of screening of all who participate in the event, the monitoring form should be signed by the monitor and a coach in the area indicated.
 - Use the SBAA Google Forms Link to submit a digital copy for the Athletic Association tracing purposes. This is a brief form that includes uploading a photo of the paper form:

[SBAA Monitoring Form Submission](#)
- Drop the original paper form at the rectory at the end of practice. If the office is closed, put it in the mailbox at the end of the sidewalk near the office.
- If there is any problem of any sort with parents and/or players, please document and email the Athletic Director (Joe Canzano: jvcan71@hotmail.com) and the Association (sbaacyo@gmail.com)
- A coach MUST remain at the gym until all players from his/her team have departed. **No exceptions, even if there is another team on site.**
